

## Synopsys® free and open-source licensing notices for CLE products

### Document Overview

This document includes licensing information relating to free and open-source software (“FOSS”) included with Synopsys’s® CLE products (the “SOFTWARE”). The terms of the applicable FOSS license(s) govern Synopsys’s® distribution and your use of the SOFTWARE. Synopsys® and the third-party authors, licensors, and distributors of the SOFTWARE disclaim all warranties and all liability arising from any and all use and distribution of the SOFTWARE. To the extent the FOSS is provided under an agreement with Synopsys® that differs from the applicable FOSS license(s), those terms are offered by Synopsys® alone.

Synopsys® has reproduced below copyright and other licensing notices appearing within the FOSS packages. While Synopsys® seeks to provide complete and accurate copyright and licensing information for each FOSS package, Synopsys® does not represent or warrant that the following information is complete, correct, or error-free. SOFTWARE recipients are encouraged to (a) investigate the identified FOSS packages to confirm the accuracy of the licensing information provided herein and (b) notify Synopsys® of any inaccuracies or errors found in this document so that Synopsys® may update this document accordingly.

Certain FOSS licenses (such as the GNU General Public Licenses, GNU Library/Lesser General Public Licenses, Affero General Public Licenses, Mozilla Public Licenses, Common Development and Distribution Licenses, Common Public License, and Eclipse Public License) require that the source code corresponding to distributed FOSS binaries be made available to recipients or other requestors under the terms of the same FOSS license. Recipients or requestors who would like to receive a copy of such corresponding source code should submit a request to Synopsys® by post at:

Synopsys  
Attn: Open Source Requests  
700 East Middlefield Road  
Mountain View, CA 94043

Please provide the following information in all submitted FOSS requests:

- the FOSS packages for which you are requesting source code;
- the Synopsys® product (and any available version information) with which the requested FOSS packages are distributed;
- an email address at which Synopsys® may contact you regarding the request (if available); and
- the postal address for delivery of the requested source code.
